Process Overview:

[Insert Lucid Chart Diagram Here]

Scope and Deliverables:

1. Project Management: creation of a project plan, UAT test cases, and cutover plan in Ethos SmartSheet.
2. Documentation: a detailed document conveying functional and technical design concepts and transaction architecture.
3. Configuration:
4. Development:
5. Enhancement Walk Through: demonstration of enhancement to client.
6. UAT Updates: supporting client through end-user enablement. This includes minor script and configuration updates per end-user feedback.
7. Cutover & Support: upon the client's approval, the enhancement will be migrated to production, deployed, and supported through five business days.

Estimated Fees and Billing:

Based upon the scope, timeline, and deliverables outlined in this Statement of Work, the professional fees will be billed at a fixed fee of \$X.

In the event of material changes to the scope associated with this Change Order, Ethos will prepare a change order to be executed by the client documenting the anticipated additional professional fees.

Upon execution of this CO, Ethos will issue an invoice for 50% of the total CO (\$X). The remaining balance of \$X will be invoiced at the start of the User Acceptance Testing phase. All invoices are due within 15 days of receipt.

AGREED TO AND ACCEPTED by the authorized designates of each party on this X day of Month YYYY.
