1 Business Context

1.1 Current State

- Current state flow

1.2 Desired State

- Desired state flow

1.3 Open Questions

#	Question	Owner	Status
1	N/A	N/A	N/A

2. Scope

2.1 In Scope

- Deliverable 1

2.2 Out of Scope

- Out of Scope 1

3. Functional Requirements

FR-01 Functional Requirement 1

ID	Requirement
FR-01.1	
FR-01.2	
FR-01.3	
FR-01.4	

FR-02 Functional Requirement 2

ID	Requirement
FR-02.1	
FR-02.2	
FR-02.3	
FR-02.4	

4. Solution Design

4.1 Process Flow

The following depicts a complete process flow.
[Insert Lucid Chart Process Flow Diagram, required]

4.2 Technical Approach

Technical Approach Title

Technical approach details

Component Table

Component	Type	Purpose
Script 1	Script Type	
Saved Search 1	Search Type	

Key Logic Notes

- Key logic 1

4.3 Integrations and Dependencies

System	Relationship	Notes

4.4 Script Outlines

EBS | [Script Name]

Filename: ebs_[scriptType]_[scriptName].js

Script ID: customscript_ebs_[scriptType]_[scriptName]

Script Type: [Script Type]

Script Parameters:

Script Outline:

- Function 1:
 - Function 1 step 1
 - Function 1 step 2
- Function 2
 - Function 2 step 1
 - Function 2 step 2

5. Data Model

5.1 New Custom Records

Insert custom record details here, if applicable.

5.2 Key Custom Fields

The following custom fields must be added to support this solution.

[Insert Record Type 1]

Field Label	Field ID	Type	Purpose

[Insert Record Type 2]

Field Label	Field ID	Type	Purpose

6. Approval and Sign-Off

By signing below, the approving party confirms they have reviewed this Solution Design Document and authorize Ethos Business Solutions to proceed with development based on the design described herein, subject to resolution of the open questions in Section 6 before the corresponding components are built.

Name	Organization	Role	Date	Decision
Ethos Name 1	Ethos Business Solutions	Role		
Client Name 1	Client	Role		

Conditions:

- Condition of Acceptance 1

7. Document Control

Date	Author	Version	Change Reference
MM/DD/YYYY	Author Name	1.0	Initial Draft
MM/DD/YYYY	Author Name	1.1	Short Change Reference Note
